Profile

Software engineer with a fresh background in computer science and a passion for growth. Highly motivated and results driven. I am well-versed in the concepts and practices of programming, and am proficient in a variety of programming languages

Experience

January 2022 –
December 2022

Intern at Quikrete Industries

As an intern at Quikrete's IT department, I have gained proficient experience in a hands-on technical work environment. At this internship, I learned several new skills and have gained experience in new technologies and how to increase workplace efficiency.

March 2020 – August
2021

Teller, Delta Community Credit Union

Extends all the previous responsibilities of an intern as well as new higher responsibilities. Handle large quantities of currency digitally, as well as physically. Using different software as an end user capacity and troubleshooting issues with different internal systems at the branch.

May 2019 – March 2020

Intern/Apprentice Delta Community Credit Union

Support and hands-on help in day-to-day processes at a base level at Delta Community Credit Union. Work with customers as well as personnel to facilitate transactions and keep the branch up and running.

Education

May 2025-Dec. 2025
(in progress)

Kennesaw State University **Master of Science in Computer Science**

Fall 2021-May 2025

Kennesaw State University **Bachelor of Science in Computer Science w/ minor in Software Engineering**

Key skills and characteristics

- Proficient in Java, C#, C++ , JavaScript, HTML, Node.js, Python, SQL and other languages
- Familiar with Django, Ruby, Flutter, and other frameworks, as well as MongoDB and other Database systems.
- Ability to work as a team with others, to modularly adapt to changes, and work in a business environment.
